## WonderTel Xtra High Computer Cord

### PRODUCT DESCRIPTION

High quality and High Level Mains Power and Telephone lines, ADSL Surge Protection. The Wonder Tel Range includes proprietary circuitry that checks the wiring of the socket it is plugged into and simultaneously checks for a good earthing at the premises where it is being utilized. A good earth is an important requirement for any surge protector to be effective.

If the tick light is **ON**, then the surge protector is working and okay, but if it is **OFF**, then surge protector needs to be replaced

**WARNING!** When the cross light is **ON**, the the wiring of the wall socket the surge protector is plugged into is faulty

### FEATURES AND BENEFITS

- Flame retardant - prevention from burning and causing of a fire
- Guaranteed - You won't need to buy another one in 2 years
- Insured - Your attached equipment is insured against lightning surge damage for 24 months (T&Cs Apply)

### PRODUCT TECHNICAL DATA

Specifications	Ratings	Differential Mode	Common Mode
<b>POWER:</b> Input	230Vac 50Hz (10A max)		
Is (discharge current)	10kA L-N, L-E, E-N	20kA	20kA
ts (Response time)	<25ns		
<b>TEL:</b> Operating Voltage	+/- 230v DC		
Is (discharge current)		10kA (96V residual)	10kA (96V residual)
ts (Response time)	<5ns		
Transfer rate	4 Megabits/s		
Input / Output	RJ11 Female Connectors		
Protected Pair	2 lines		
Temperature Range	-15 to 65 degrees C		
Dimensions	60x70x100mm		
Compliance Standards	SABS IEC 61000-4-5	UL 497B	SANS 164-0-4
Guarantee	Yes, 24 months		
Insured Warranty	Attached Equipment Warranty up to a max of R20 000. T's and C's apply		
Uses	Any electrical appliance that plugs into a South African 220Vac 16 Amp round socket outlet and makes use of Telkom lines, incl. ADSL lines		
Installation	Plug n Play. Simply plug into a standard wall socket, check the lights and connect your devices		

### How to connect your plug:

Connect the power cord and telephone line to the appliance and connect the telephone line to the telephone wall socket. Connect the WTXC plug to the wall socket
